Date: 06/05/2023

Time: 08:00hrs

Incident Description

Whilst collecting lumps of filter sand along the road, a Bobcat operator reversed and hit a truck.

Damages

Truck left mirror and indicator lamp.
Bobcat rear right reverse light.

Preliminary Findings?

- **Tailgating:** The truck driver drove too close to the Bob cat.
- The Bobcat operator reversed without looking behind to check for oncoming vehicles.
- Both truck and Bobcat operators had valid driver authorizations.
- Alco tests were done on both employees and results were negative.

Damaged indicator lamp and side mirror of the truck

Preventative & Corrective Measures

- The incident was reported to responsible personnel
- The incident was briefed to employees of the section.
- One must maintain safe following distance when driving behind other machinery in order to avoid harm should thee.
- Operators of mobile machinery must always check for on coming vehicles before reversing on the road.
