Where?

Section: Solar Ponds

When?

Date: 15/02/2022

Time: 1425hrs

Incident Description

During haulage operations at the Solar Ponds, Edgework's tipper truck veered off the access road and partly drove into X2 Pond.

Nature of Damage

No damages

Preliminary Findings?

- The operator dozed off and lost control of the truck.
- At the time of the incident the operator was driving from X3 dump, where he was dumping oversize salt material.
- At risk behavior- despite feeling sleepy, the operator continued with his activity.

Preventative& Corrective Measures

- The incident was reported to the responsible personnel.
- The driver was also tested and the results were negative.
- Drivers are advised to stop and take regular breaks.
