Incident Description

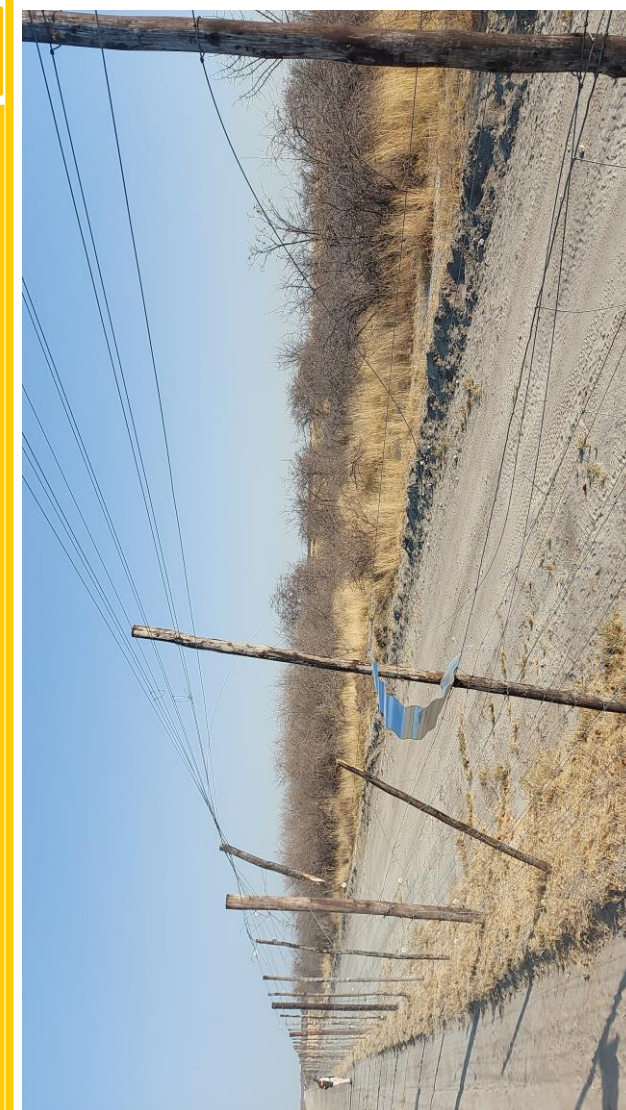

Whilst Security Agents were conducting daily monitoring patrols on Saturday morning, they found out that the Game Park fence was breached by an elephant.

Damage

- Fence and gum poles.

Preliminary Findings

- Damage to the fence:** The fence was breached on the Southern and Eastern side of the park.
- No other damages were observed in the park.
- Condition of the fence prior to the incident:** The fence was in good condition with voltage ranging within acceptable limit (5.7 – 6.0 KV).

Actions Taken Following The Incident

- The Department of Wildlife and National Parks was notified of the incident.
- Civils & Electrical staff were dispatched to restore the fence.
- Employees are urged to drive with caution specially at night.
