Where?

Section:

Soda Ash Bagging Plant

Equipment:

Truck spoiler

Incident Description

Whilst attempting to position a trailer, LSB logistics truck spoiler crashed into the soda ash overhead loading stacker.

Preliminary Findings?

- This is a repeat incident, similar incidents have occurred at the Salt Plant. (Forklift and truck which damaged ICT equipment)
- The truck driver was in possession of a valid driver's license.
- Inadequate daily risk assessment-failure to identify and mitigate against the risk of trucks hitting overhead structures.

When?

Date: 04/06/2021

Time: 12:00 hrs.

Body Part Injured

None

Corrective/Preventive Action

- Activity was stopped immediately.
- Incident was reported to the relevant Authorities.
- Height restrictions to be installed at all bagging entrances within the plant.
- All sections to implement shared learnings from incidents to prevent them from reoccurring.
