

ENVIRONMENTAL TOPIC FOR APRIL 2022

ENSURE CORRECT DISPOSAL OF WASTE

Type of Receptacles	Waste	Final disposal
Skip with white band	Domestic	Landfill
Skip with yellow band	Scrap	SHE salvage yard
Red bin	Oily rags and filters (stored separately)	Salvage yard bund wall
Designated area for rubble waste	Rubble (free from other materials.	Burrow pit
Used oil tank	Used oil	Bulk used oil tank behind the garage

- Scrap which is too large to be disposed into skip should be taken to the Salvage Yard.
- All waste must always be disposed of into the correct waste receptacles.
- Supervisors must ensure that this happens in their respective areas.
