

SAFETY TOPIC - MAY 2023

ENSURE YOUR OWN AND COLLEAGUES SAFETY

To ensure personal and coworker safety, follow the tips below;

- **Keep work areas clean-** Injuries such as slips, trips, falls, lacerations, sprains, strains, etc. can be reduced by keeping work areas organized and clean.
- **Use the right tool for the job-** Using the wrong tool for the job can result in an injury or damage to the equipment.
- **Always wear the proper PPE for the task-** It helps to reduce the severity of the impact.
- **Never work on live equipment-** Always follow proper lock out/tag out procedures prior to maintenance of equipment.
- **Make sure chemicals are properly labelled and stored-** Improper labeling and storage can lead to injuries or property loss due to fires, corrosion, etc.
- **Communicate hazards to other personnel-** Never assume that a coworker understands the hazards of a task, especially if they are new to the task.

STOP WORK IF CONDITIONS ARE NOT SAFE AND REPORT TO YOUR SUPERVISOR
